SANDCRAB

Seabreeze High School

Foreword

With the dawning of each new day we, in Florida, find ourselves astounded by the beauty of our surroundings. Here, in this sub-tropical region, we live a life blessed by nature's loveliness and from the colorful game and tropical fish in our waters, the gorgeous colorings of the wildlife in our forests, and our sun- and wind-kissed shores, comes our theme for this year, "Fun in the Sun."

As a good skipper watches over his boat, so did Mr. Yates guide his crew-members, the annual staff. When our captain held the stern hand of "Yatesism" over us, we realized that he was pulling us from our stormy seas into calmer waters so that this edition of the yearbook would continue to uphold the high standards of previous years. His never ending suggestions, long enduring patience, and priceless sense of humor have made it again possible for us to bring you "The Sandcrab." Realizing and enjoying the superiority of Seabreeze annuals, we the annual staff, on behalf of the students, would like to dedicate the '57 "Sandcrab" to Mr. Harold W. Yates.

Famous last words: "Get out and sell those ads." "But I can't." "Let him do it." "Get these pages set up." "Where's the copy?" "What size is this picture supposed to be?" "Deadlines are coming up!" Yes, these were familiar sounds in room 30 during sixth period this year; but through rough waters and calm, Skipper Yates was always there to lend a helping hand. It was hard work, but there were always the lighter moments. It was a wonderful experience, publishing the "Sandcrab," and one we shall always remember.

To the Students of Seabreeze High School:

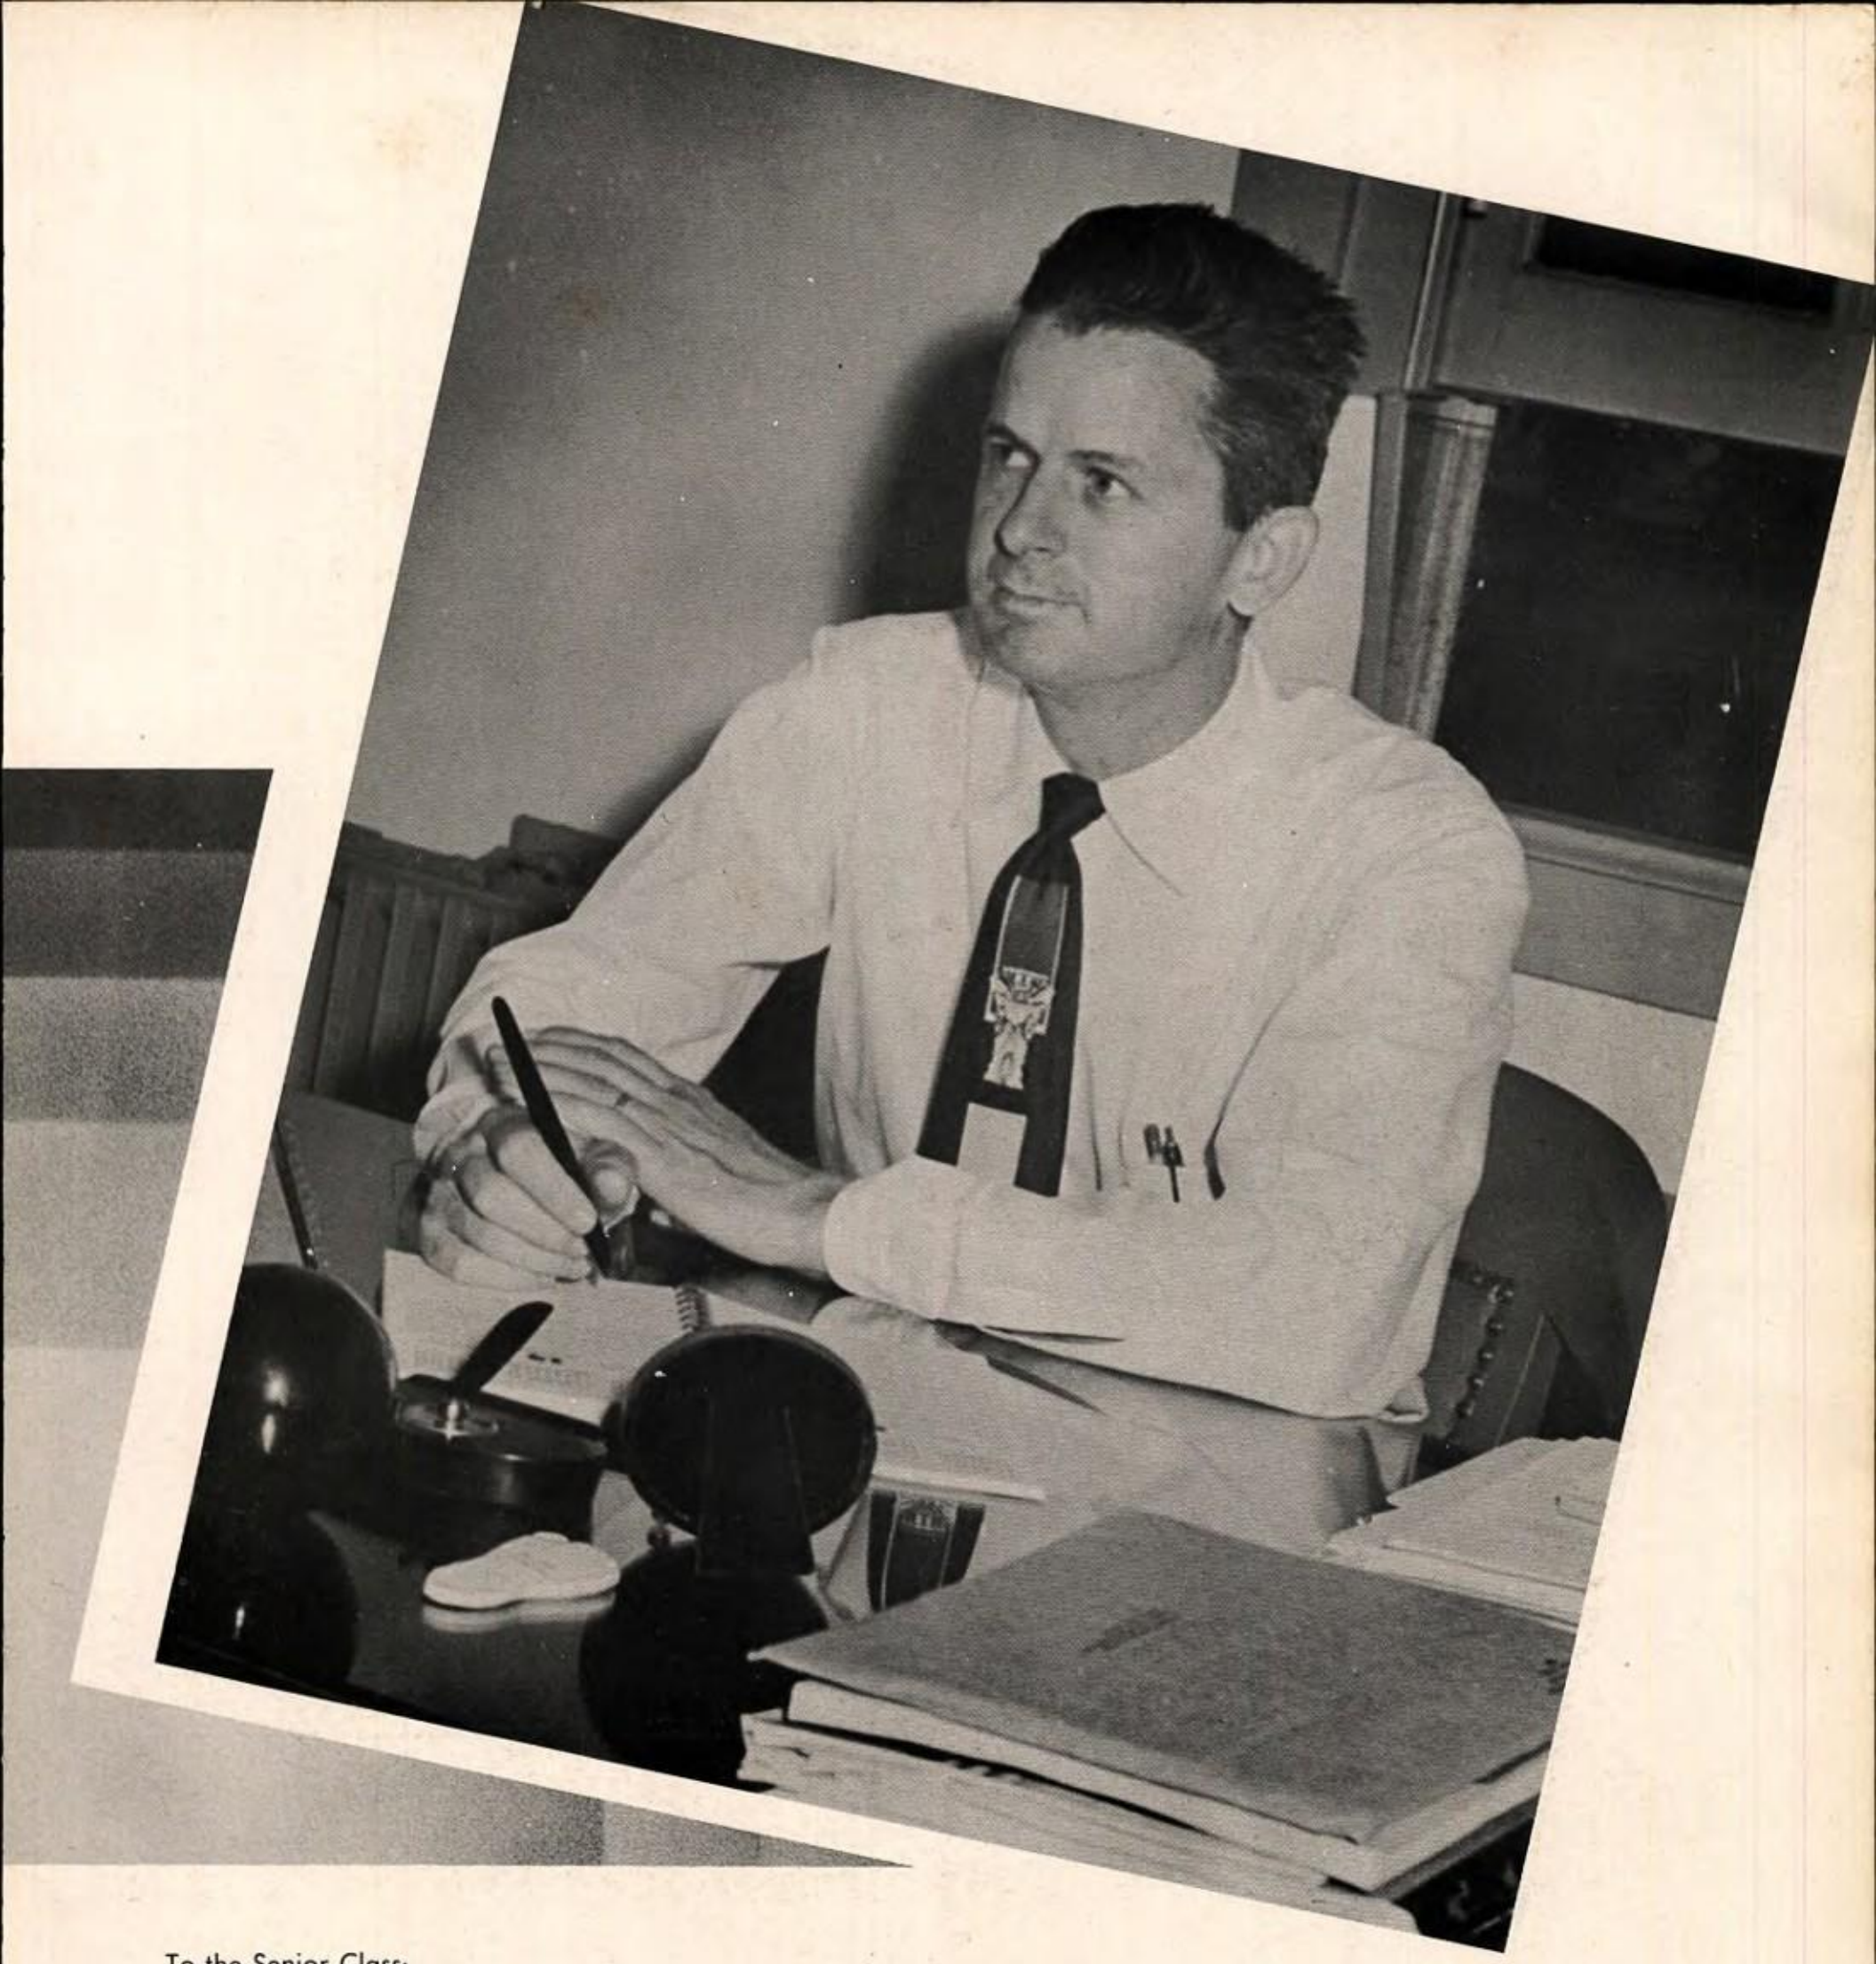
You today are moulding your own destiny. True, many factors over which you have little or no control are influencing the final product, but you are largely in control of the factors that determine the kind of a person you are to be.

Never in the history of the world have we had a more challenging era that that in which we are now living. The discoveries and developments of the past are a mere introduction to what is still to come. The part that each of you plays in the unfolding drama of the history of the universe is now being determined.

Be aware of the challenge that is yours to make a worthwhile contribution in the development of things to come. Take advantage of the opportunities you now have to prepare yourself with a sound basic education, in order that higher training may be possible; and while training the mind for the challenging mental tasks ahead, of even greater importance is the attention we give to the development of wholesome moral and spiritual values.

The reputation of Seabreeze High School rests in the hands of us all; your reputation you hold in your own.

Milton T. Curry



To the Senior Class:

In a school as enduring and as active as Seabreeze there are always challenges to be met and problems to be solved. The Class of '57 has advanced through school during a period of time when the challenges and the problems have been many and varied. How the class as a whole and how you as a member of the class made decisions, expressed your choices, and took action, will be written into the record for all time to come.

Your class has made an enviable record. You stand high in the eyes of your schoolmates, your teachers, the administration, and the community-at-large. This means that you as an individual are a contributing member, and not simply passive, acquiescent, or, at worst, a parasite, living off the life and deeds of others—for no group can be successful unless its members contribute.

I challenge you, therefore, as you complete your high school career, to continue to make the wise decision, the better choice, and to follow through with a course of action soundly conceived and properly executed. If you do this, you will have built a foundation for your future life which will endure against all onslaughts of evil and adversity. You will find yourself able and not inept, active and not inert, and finally, you will find life exhilarating and not exhausting.

This year the goal of the Seabreeze High School P.T.A. was to promote better relations among parents, teachers, and students. Student Government Association

Like castles built in the shifting sands, some governments topple and fall. The Seabreeze Student Government Association is in no such danger for she has weathered her Florida storms. Under the guidance of Miss Natalie Lamb, the S. G. A. has been perfected and now runs as smoothly as the luxury yachts which sail our serene and beautiful inland waterway.

The student body elects a President, Vice President, and Secretary-Treasurer each semester to help them govern their school functions. Each grade selects a boy and girl to represent them in the Senate. The newly formed House of Representatives have done much to draw the students a little closer to the S. G. A.

The court system consists of a judge, elected by the students. He then appoints the court personnel and presides over student trials. The student police are selected by the Senate to keep order in halls, classrooms, and assemblies. The Welcome and Guidance helps new students to become acquainted with the school and student body. These officers handle all business and other duties pertaining to the student body. Our S. G. A. is an example to other schools that Seabreeze is student-led and student-followed.

Director

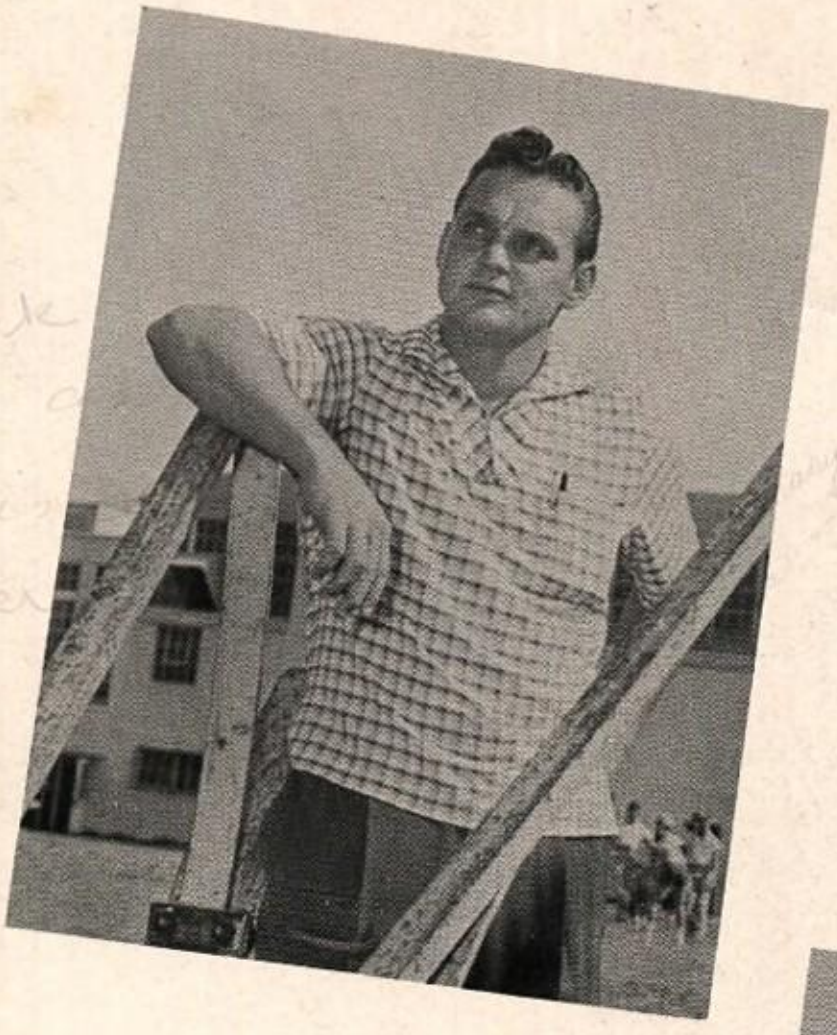
Seabreeze was very fortunate to have Coach Nelson appointed as Athletic Director. Under his capable guidance, there have been marked improvements in every branch of the program; some of which were the sale of season football tickets, increased and varied advertisement, and an enlarged personal interest which has inspired townspeople and students.

Board of Directors

Our fast improving Seabreeze sports program led by this able Board of Directors, has taken a turn for the better during this year of "57" with new vigor and enthusiasm in the physical education classes and more in all of its phases.

Left to right—Mr. Joe Nelson, Mr. Milton T. Curry, Mr. Sam M. Miller.

Varsity Football Coaches



Head Coach

One of the most fabulous teams that Seabreeze has ever had, our '56 team, was coached by Fred Hogan who has been head coach at Seabreeze for four years. Without his hard work and unfailing interest in his "lambs" Seabreeze could not have had such a terrific season. Many thanks, coach! The boys you've kept runnin' and hittin' will never forget you.

Asst. Coach

A new personality at Seabreeze, and a wonderful assistant coach. Coach "Nick" deserves a lot of praise for the fine work the Crabs did this year. We all hope he stays and continues to help with our great Seabreeze teams.

The '56 Season's Record

Daytona Beach—Sept. 21

The senior studded Crab team got off to a good start in the '56 season by crushing a slow Winter Garden eleven with an impressive 26-0 romp.

Bolles Academy (Jax)—Sept. 28

This was an afternoon tussle in which Seabreeze bowled over Bolles 26-7. After the first few plays of the game, it was obvious that Seabreeze Was The Best.

Cocoa—Oct. 6

Any team can be good winners, few can be good losers. Our team rallied well, though, and proved their true worth in the next seven games. This was our only loss of the season with the score 25-13 as the final verdict.

Daytona Beach—Oct. 12

Our great team outsmarted a strong Deland defensive wall by gaining most of our yardage with accurate passing. The final score (our favorite score this season) was 26-0.

St. Augustine—Oct. 19

This was one of the most exciting games of the year! A quick conversion kick gave us the point we needed to 'klobber' Ketterlinus. It was a hard battle, the score being 7-6; but one well worth winning!

Daytona Beach—Oct. 26

This win of 21-0 over Palatka made the Crabs favored for the East Florida Conference Championship. Our boys fought hard for every single yard; they played one of their best 'team' games ever, and made the whole thing look easy.

Starke—Nov. 2

With a score of 26-0 our talented senior line and fleet backs won the E.F.C. Championship for Seabreeze! Our team's pep, spirit, and ruggedness completely overwhelmed Starke.

Daytona Beach—Nov. 9—Homecoming

The Crabs showed that they were still boss of the gridiron as they rolled easily on to an impressive 36-13 victory over the Sanford Celery Feds. A cold, but happy Homecoming crowd cheered them on.

Daytona Beach—Nov. 15

Two last period touchdowns gave the Sandcrabs a 19-0 win over a bruising Bishop Kenny eleven. A few minutes before the game started, our great team voted to accept an invitation to play in Orlando's Brahman Bowl on Dec. 8. Good going, Crabs!

New Smyrna Beach—Nov. 21

The last game of the regular season was an easy victory for our now very poised and powerful Sandcrabs. The final score was 40-0. We'd been looking forward to this game for a long time.

E.F.C. Champions

The Crabs showed that they were truly fit to be E.F.C. champs as they defeated Starke with a 26-0 pushover. We had previously won over Palatka, Sanford, and Deland (the other members of the East Florida Conference). The Starke victory resulted in a bid to play in the Brahman Bowl.

On the night of December 8, Seabreeze fought with a top-classed Melbourne eleven to a 0-0 deadlock. Seabreeze outclassed the Bulldogs by beating them in yards rushing and passing, outnumbering them in total first downs, and by having the most valuable player trophy awarded to one of its players, halfback Scotty Dunlop. This proved once and for all to the fans that the Seabreeze '56 Sandcrabs were one of the state's best gridiron machines.

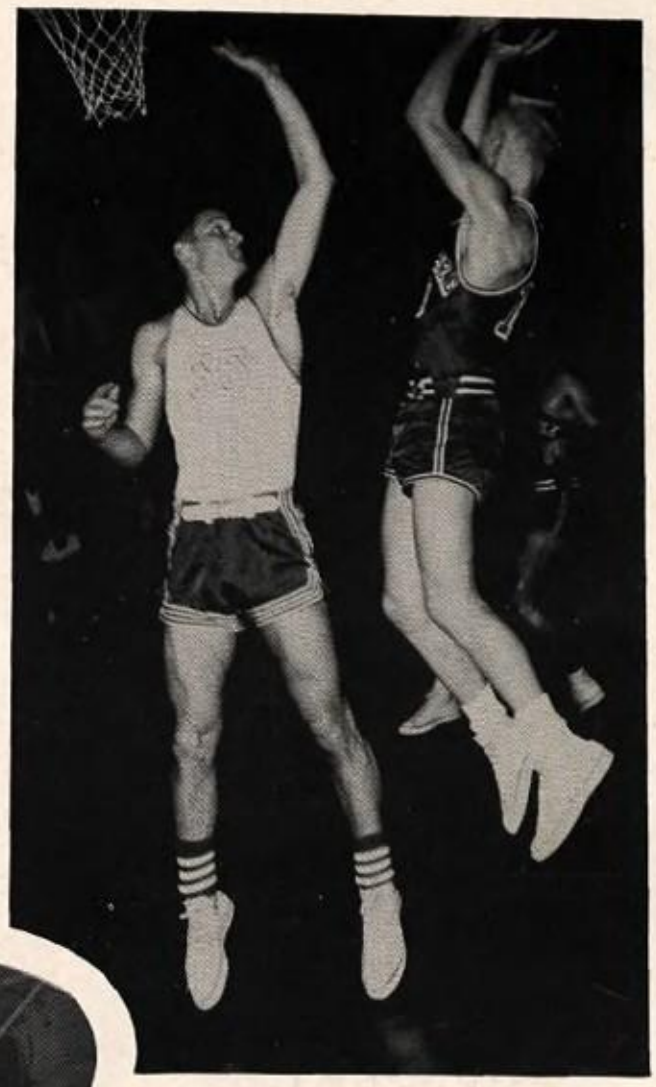
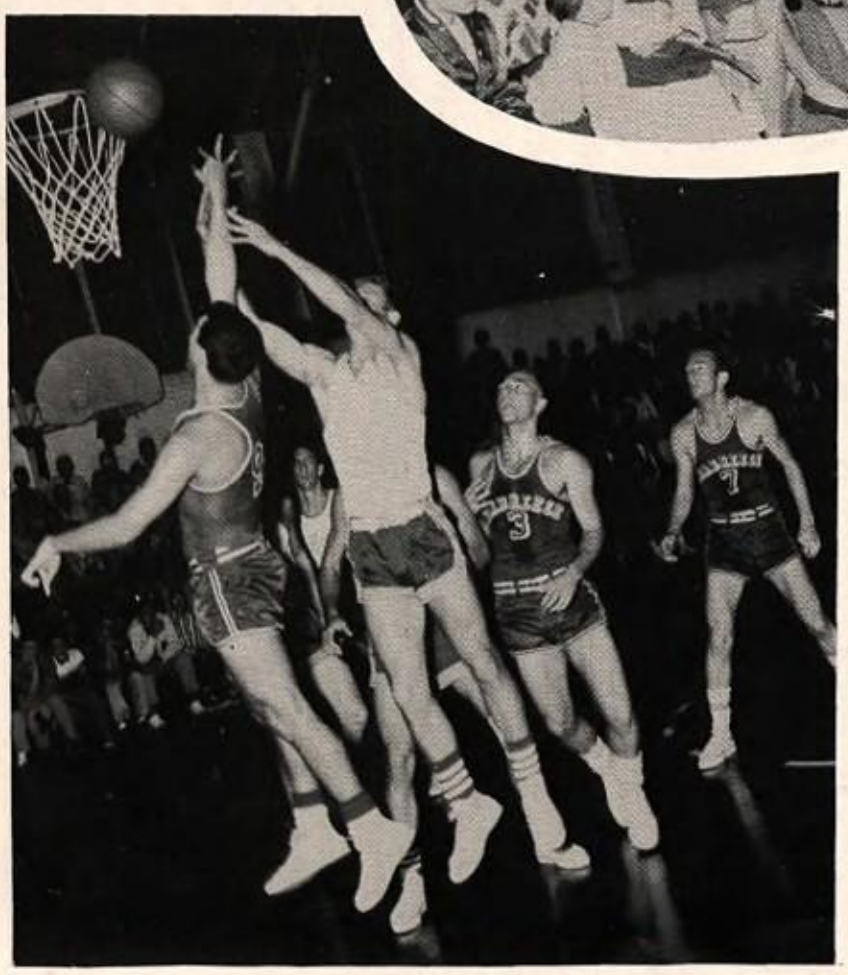
Coach Joe Nelson and Coach Bill Byrom.

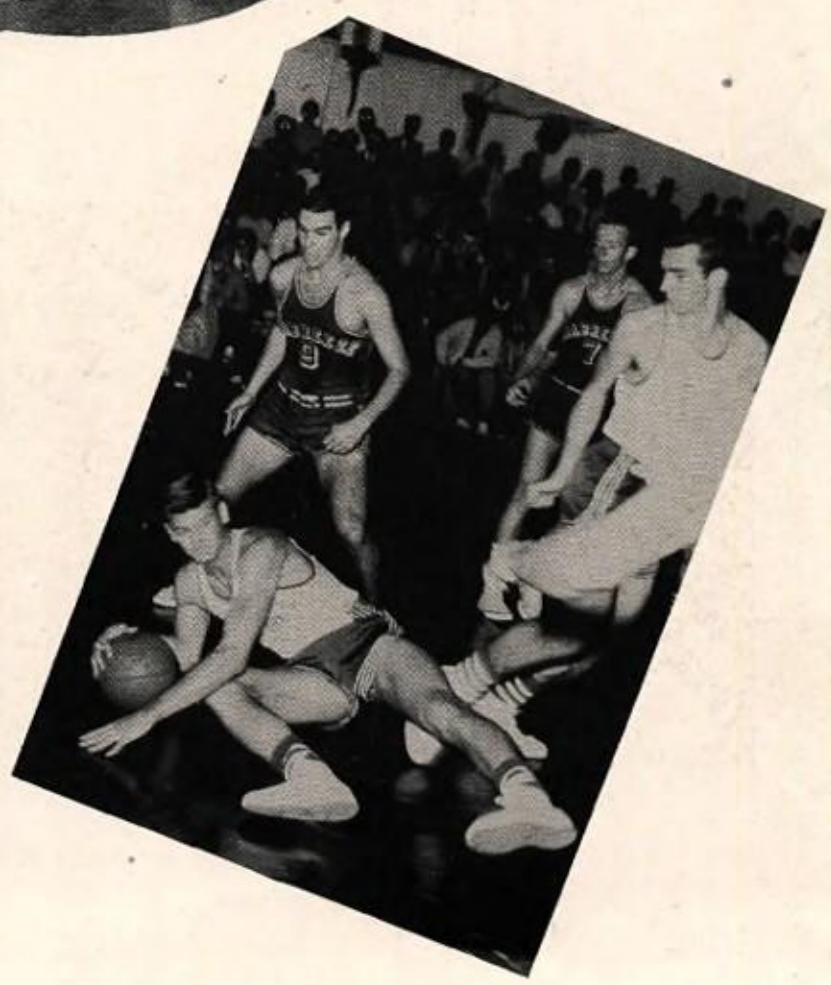
Jay French, Mike Wallace, and Burr Cordray, Managers.

Our fine coaching staff is headed by Mr. Joe Nelson. Seabreeze teams have had an enviable record of wins and losses since he came to us in 1949. He has shown an interest in basketball all his life and he has certainly proved it. His career was started at Mainland High School, where he played in the years 1937, 1938, and 1939; he was captain in his junior and senior years and he was All-State in the year 1939. He then was awarded a four-year scholarship to the University of North Carolina, where he was co-captain of the freshman team. Then we were fortunate enough to get him after he served a term in the Navy. Since that time, his teams have won six Group Tournaments and two State Tournaments in the years 1950 and 1951.

This year is Mr. Bill Byrom's first year as "B" Squad Basketball Coach at Seabreeze, but unlike other rookie coaches, he is coaching his team with the experience and know-how of an old pro. Like Coach Nelson, he has loved basketball all his life. His experiences playing basketball date back to 1945-1949, when he played for Seabreeze and was All-State in '48. He played for Stetson from 1948-1952, lettering two years on the Varsity team. His college education was completed in 1952, after which he entered the Marine Corps where he remained until the first part of 1954. In the fall of 1954 he came back to Seabreeze as a teacher. The "B" Squad, under his fine training, has won all their games this season.







The fabulous Crabs have chalked up a record of 17 wins to 4 losses this year. They have kept up the true Seabreeze tradition of being a winning team.

Girls' Athletic Association

The purpose of the Girl's Athletic Association is to help promote athletics and social activities for all girls, and to foster high ideals of good sportsmanship and lasting friendship. They work hard, play hard, and learn to win or lose equally as well. Members have a point system on which they work to receive letters, stars, and medals. Medals are awarded to seniors who have earned a total of 800 or more points. As in any competition, there are a few "champs" but many sports. Some of their activities include tournaments in volleyball, basketball, softball, track, badminton, horseshoes, and shuffleboard. They participate in Play Days and Sport Days, where meet and play with girls from other schools.

Homecoming 1956! The best yet! Weeks of preparation gave us the neatest floats and best parade in Seabreeze history. Winning top honors as floats were Keyettes, Tri-Hi-Y, and Sub Debs. The prize winning cars were F.H.A., Junior High Cheerleaders, and the Latin Club.

Our lovely Queen Ann and versatile King Tim were crowned during the impressive half time ceremonies. The sponsors and spectators were entertained by the presentation of "Fantasy of Fire." Our champion Sandcrabs rewarded us with a 36-13 victory over Sanford. The hustle and bustle of homecoming was climaxed with couples dancing to the dreamy music of the Populaires.

Senior Class Play

Top left—Ann Wilson, June Roberts, Patsy Ennis. *2nd row*—Clyde Mix, Mary Ann Vickery, Hank Coleman, Fayn LeVeille and Eddie Stabell. *Top right*—Sylvia Davis, Bud Dyer, Judy Primm and Tony St. John.

"The Bishop's Mantle" was presented by an all-senior cast, another first in Seabreeze history. The P.T.A. made it possible for us to give the play in the new Little Theatre building. Bud Dyer had the leading role as Hilary Laurens, a new rector just coming into a fashionable society church.

1st row—Clyde Mix, Rodger Murphy, Tony St. John, Don Maxwell, Bud Dyer, Eddie Stabell, and Hank Coleman. *2nd row*—Miss Martha Bottom, Nanci Grison, Sylvia Davis, Mary Ann Vickery, Ann Wilson, June Roberts, Patsy Ennis, Judy Primm, Fayn LeVeille, and Miss Lillian Trawick.

Thespians

Left to Right: Nanci Grison, Sgt. at Arms; Fayn LeVeille, President; Sheila Donavin, Vice president; Marilyn Murphy, Secretary-Treasurer.

1st row—left to right—Miss Lillian Trawick, Jeanette Holland, Carol Sacks, Sandra Stedmán, Patsy Ennis, Dickie Edson, Joan Graham, Judy Dunn, Darla Daniels, Susan Kroll. 2nd row—Nanci Grison, Judy Ward, Elaine Dion, Tracy Cobþ, Carol Montgomery, Sharon Tally, Brenda Watson, Vickie Shave, Valerie Tucker, Mac Merrell. 3rd row—Phillip Jacowitz, Fayn LeVeille, Sheila Donavin, Marilyn Maskrey, Marilyn Murphy, Linda Fisher, Joyce Fisher, Marti Minter, Carolyn Law, Betty Rice, Sara Woods.

George Tyler, Patty Lucey, and Bob Burnette.

The rustic charm of Dogpatch came to life at the Seabreeze Rec Hall, a perfect demi-tasse for our Thanksgiving dinner.

The usual comic-strip characters were on hand to add to the country atmosphere and the trapped look on the majority of the boys' faces soon vanished under the bright smiles of successful young ladies. The entertainment, provided by a local Elvis Presley, caused several shrieks to be heard and several couples to have arguments.

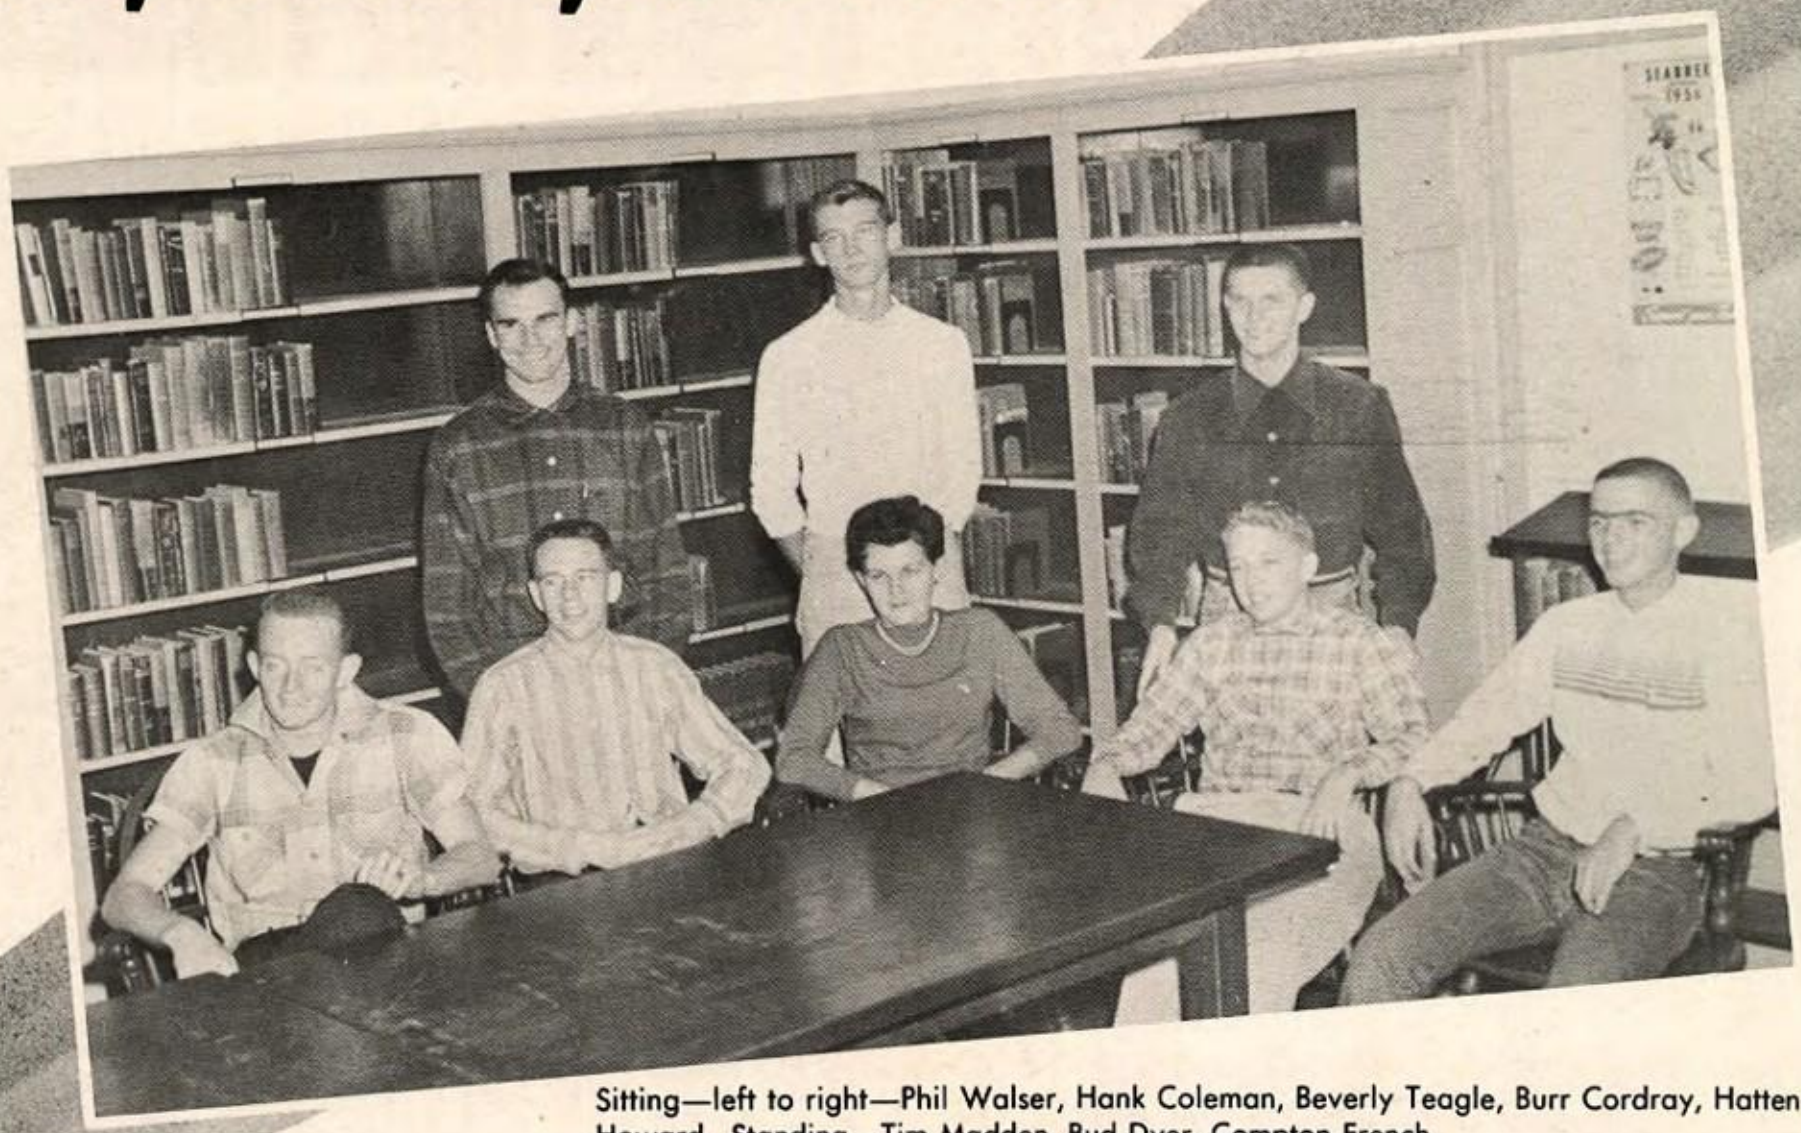
The Sadie Hawkins Dance, sponsored by the Junior Class, was sho 'nuff a great success.

Holly Hop

Sparkling eyes, radiant smiles, couples dressed in formal attire and festive spirits mixed with the dreamy dancing to the dreamier music of the Populaires made the Holly Hop one of the occasions that will be long remembered by those who attended it. The Peninsula Club, site of the dance, was decorated in blue and silver and made the perfect setting for the crowning of our royal couple, Joan and Sonny. The Sub Debs who sponsored the affair should indeed be proud!

Joan Cain and Sonny Garner.

Boy's and Girl's State



Sitting—left to right—Phil Walser, Hank Coleman, Beverly Teagle, Burr Cordray, Hatten Howard. Standing—Tim Madden, Bud Dyer, Compton French.

The American Legion sponsors Florida Boy's State and Girl's State to assist in the education of the youth of Florida in the duties, privileges, rights, and responsibilities of American citizenship; to inculcate a sense of individual obligation to community, state, and nation; and to teach the fundamental precepts of government. Seabreeze was represented at Boy's State by eight boys and at Girl's State by one girl, selected for outstanding qualifications—leadership, courage, honor, loyalty, and service. For a week in June, 1956, the citizens of these new "States" carried out all functions of government.

Correspondents

Our student reporters, Fayn and Fran, supply news of current events and the social happenings around school to the local paper. This section of the paper, known as "Off the Blackboard," is read faithfully by every Seabreezite.

Their many social events and all their fun were climaxed by the banquet held in June, the highlight of which being the election and installation of the officers. There is no doubt that every girl will remember her fun-filled years in Beta Theta Omega!

Wheel Club

The Rotary Sponsored Wheel Club, in its second year at Seabreeze and first year as a member club of Wheel Clubs International, has shown by many service projects, willingly and well done, that it really deserves to be an integral part of our school.

"Zoeas," the biological name of infant crabs, are quite small creatures fighting for a beginning in the great sea world. Eighth grade students resemble these animals in that they are making their first appearance in high school.

Six classes a day, bells, lockers, and assemblies are a few of the adjustments they must make to high school life.

In the final stage of their development, crabs and juniors alike have "soft shells." This crucial time is most important with the danger of being swallowed up by over-bearing people and ideas.

The Junior Class of '57 proved its ability to grasp responsibility by their very successful Magazine Drive and Sadie Hawkins Dance.

The '57 Senior Class, having reached the maturity comparable to the hard shelled crab, has attained the first major goal in life. These past years have been but "stepping stones" for the long hard struggle that lies ahead. They have been spent in preparation for future life on the "outside," whether it be in business, on campus, or "wedded bliss."

Class Prophecy

Dear Sandy,

I've just returned from our old home town, Daytona Beach, Florida. You'd really be surprised at the changes that have taken place since you were last there.

Daytona is still a tourist town but it is approaching the proportions of Miami, the Riviera, or Malibu. The most terrific attraction is the ultra-modern boardwalk and pier designed by the world-renowned architect, Ann Wilson, in collaboration with artists Bill McMahon and Joyce Krumm. This gigantic undertaking was engineered by Comp French, Jim Saffell, and Ron Huhn. Funny, all these names were once part of our everyday life during high school.

While I was strolling along the boardwalk, I saw Angie Forest lounging on the beach. She'd been looking over her boardwalk enterprises and relaxing after a strenuous season in New York.

I was on the pier when a chartered fishing boat passed rather close by and I saw it was one of the fleet owned by Jerry Hamilton. On board was his friend, sportswriter Bruce Roggenstein.

The pier has many interesting divisions. Bud Dyer and Clyde Mix, who recently joined bands, are now playing at the beautiful Pier Casino. Featured entertainer with the show is Fayn LeVeille, star of stage and screen.

Several conventions of various professions were held in the convention hall and exhibition rooms of this glorified wharf. Present at the International Engineers Association meeting were Mike Wallace, Richard Peterson, Vernon Blank, Bruce Kalashian, Ric Cole, Ron Edwards, and newly elected president of the group, Reeves Smith.

In town for the A.M.A. regional meeting were Doctors Robin DeArmas, Bob Allen, Burr Cordray, Bernard Weber, and Scotty Dunlop. They were all very interested in the address given by Dr. Kathy Madden, who has made a ten-year study of pediatrics. Jackie Martineau was an interested spectator, as she is now head technologist at Halifax Hospital. While the doctors were attending the many sessions, their nurses, who weren't needed elsewhere, were basking in the warm Florida sun. They were Kathy Hultman, Susie Pollard, and Millie Murray.

The world-famous beach is still the safest in the country and that is why so many people go there for tours and vacations. The city fathers realized the attraction of safety to family groups and set up a nursery where fond mothers can leave their little darlings. Judy Ruland is the expert director of the nursery and her assistant, Nanci Baernstein, cares for the children of grade school ages. Several teachers brought their classes for senior trips and to see the exhibitions of scientists Bill McDaniel, Beryl Landon, Lee Riggs, and Richard Fagan. The ingenious programs distributed to the viewers of the exhibit were designed by commercial artist Marian Hollis. Jeanne Robison and Arla Hardt were the teachers chaperoning the seniors, while Kathy Almy and Liz Beecher brought in their sixth grade group from Lenox to see the exhibits. I was talking to Tom Giarrusso, who told me his appointment as headmaster to a military school was due to his excellent record in the Navy. He went on to say that quite a few of our former classmates have made their careers in the services. Jerry Lang and Arthur Poole are wearing the Air Force blue; Mike Milo is shouting orders as a Marine sergeant; Jerry Houser is always loyal to the Army; while Reynold Van Lennep supervises paint chipping on a Navy destroyer. Just then, Captain Ronnie Miller walked up and told us he was home on leave from Hawaii and had flown in on American Airlines with Janice MacKenzie as stewardess. Janice told him that Connie Quinn and Carol Meehan had both been stewardesses on the same line but had married pilots and were no longer allowed to fly.

Since we had all seen the exhibits, we walked north on the boardwalk, hashing over old times. Most of the old-fashioned motels have been completely renovated, the interiors are unbelievably beautiful and most of the places go to the extreme to outdo their rivals. The most spectacular hotel, The Beach King, is a dazzling white structure whose Chinese interior is decorator Gail Hurlbut's masterpiece. This hotel has the best tennis courts in the area and I noticed some rather well-known players were practicing in a set of mixed doubles. I knew personally one team: John Henriksen, the Olympic star and businessman, and Judy Pilsbury, a top-notch homemaker when she isn't playing the pro circuit. At the same time, in one of the conference rooms of the hotel, Bishop Roger Murphy gave an inspiring lecture on "How to Live During the Nuclear Age." Listening intently were: Wally Bushman, Peggy Hardie, Judy Rogers, Cordy Streebling, Rinda Graves, Blake Oliver, Bob Ambrose, and Sam Smith.

One evening, while dining at the San Remo Restaurant, I discovered the owner, Guido Levetto, has expanded his business to include many more of the same type establishments. The same night I drove out to the Halifax Recreation Park. I can remember when the dog track was the only thing there but now the Jai Alai draws thousands of people to its gates. The race track, too, has grown to be the largest in the States. It seems like only yesterday we were sneaking through the palmetto bushes and over the sand dunes to witness the thrills and spills on the road-beach track at the inlet. Just last week I watched the '67 NASCAR races at the new track. The winning car was designed by none other than Paul Dion and was driven by the first woman to ever win a race of this kind, June "Fireball"Roberts. She accredited much of her success to her excellent pit crew which included Paul Wall, Ken Heinemann, and Jerry McDonald. You've probably seen the races in the newsreels already. Any of the aerial shots, you can be sure, were taken by Ronnie Dixon, who has turned his love of flying into a profitable business. Did you read "Racing From a Woman's Point of View" by Judy Barber? She got many tips from June and really turned out one of the best articles of the year. Some writers will do anything to make their stories sell. For instance, Bob Dalrymple drove a straight stock car around the track at 100 m.p.h. just so he would experience exactly what the drivers did. He had to get permission from the race directors first but that wasn't difficult since he had once played football with Director Frank O'Rourke. When Frank's secretary, Ann Worling, a race enthusiast, heard this she begged to go along, but good secretaries are hard to find so she just couldn't get away.

The race track was engineered by Bill Graves and he contracted Steve Hain's company to do the brick construction of the job. It was a remarkable feat well done by Steve's employees. Sylvia St. Sing is private secretary at the Graves Corporation and she said they actually received fan mail from people who viewed the track. Law partners Hiatt and St. John landed the legal end of the deal and this was their first big break. Usually they used a stenographer from Sally Ingraham's Secretarial Service, but when this commission came through they hired Dorothy Stelling and Sylvia Davis as full-time secretaries.

I walked over to the swimming pool section of the park and just as I arrived, veterinarian Johnny Tanner tore off to treat dairy farmer Maurice Raiford's pet heifer. Such concern! Several housewives enjoying an evening away from home were in and about the pool. You've never heard such laughing in all your life as when the former Joan Cain pushed her electrician husband, Sonny Garner, into the pool. Marie Jarnigan Wolfe laughed a little too hard and was pushed in by Linda Smith Pent. These happy homemakers began talking and it was said that Sylvia Crosby's husband is now very important in the Pentagon, but he still lost his top-notch secretary, Barbara Waldeck, to a Wall Street tycoon and matrimony. Her best friend, Fran Rizzo (as she is known professionally to all merchandising experts), was her matron of honor. I had to leave the talk at the pool and hurry to town where one of the department stores was presenting a fashion show for the benefit of a dental clinic. The show was commentated by top-flight Miami model, Margaret Lager. During the intermission, several dentists who are trying to get a clinic for Daytona, explained different aspects of the problem. Ric Alexander gave reasons for the necessity of a clinic. Buddy Ney listed the things they would need and Henry Kraski gave a pep-talk as to why this is a public responsibility. Chairman of the committee, Hank Coleman, summarized the talks and thanked everyone for helping out on the project. Then Margaret presented the next portion of the show and revealed that Phyllis Huntley was the make-up consultant and that Patsy Ennis had chosen the different outfits for each model. Patsy has a very exclusive shop on Seabreeze and was well qualified for the job. Among the usherettes were two dental assistants, Ruth Ginocchio and Nanci Grison.

After the show I caught a glimpse of Secretary of State, Steve West, who was in town for a well deserved vacation. He was accompanied by his personal guard, F.B.I. agent Fort Hammond, and later told me he was combining business with pleasure by holding conferences with forest rangers Hatten Howard, Jerry Calcott, and Cliff Fisher who are attempting to win larger salaries for those men stationed on government-owned reservations. The next day he was to talk with Judy Primm and Niki Gustat about the problems facing missionaries in China. Mary Ann Vickery, author of the controversial best seller, *The Bad Ground,* was present for these talks to collect material for another novel on China.

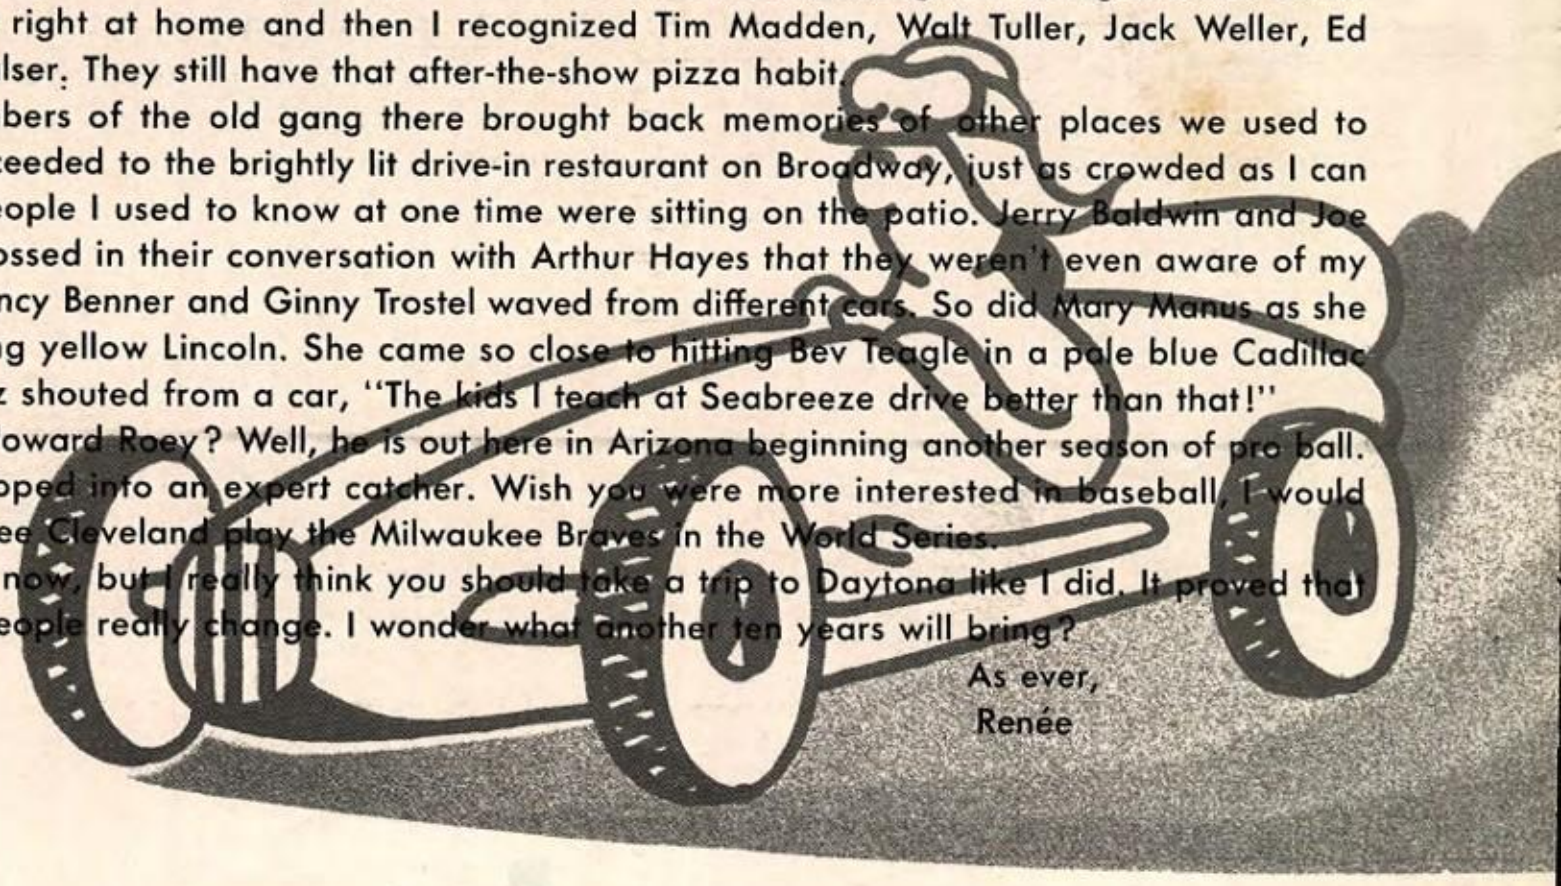
Several businessmen were standing outside of the auditorium as I passed. Jim Kulzer and Roland Hall seemed to be very interested in Nelson Tucker's ideas of advertising. Remember when we used to conclude every school event with pizza at Tony and Jay's? I decided to see if it had changed. Much to my happy surprise I found myself quite at home. It seemed as though several gentlemen at the various tables were right at home and then I recognized Tim Madden, Walt Tuller, Jack Weller, Ed Stabell, and Phil Walser. They still have that after-the-show pizza habit.

Seeing members of the old gang there brought back memories of other places we used to frequent. I then proceeded to the brightly lit drive-in restaurant on Broadway, just as crowded as I can remember. Many people I used to know at one time were sitting on the patio. Jerry Baldwin and Joe Smith were so engrossed in their conversation with Arthur Hayes that they weren't even aware of my stares. However, Nancy Benner and Ginny Trostel waved from different cars. So did Mary Manus as she was leaving in a long yellow Lincoln. She came so close to hitting Bev Teagle in a pale blue Cadillac that Rozzie Schwartz shouted from a car, "The kids I teach at Seabreeze drive better than that!"

Remember Howard Roey? Well, he is out here in Arizona beginning another season of pro ball. He really has developed into an expert catcher. Wish you were more interested in baseball, I would send you tickets to see Cleveland play the Milwaukee Braves in the World Series.

Have to run now, but I really think you should take a trip to Daytona like I did. It proved that times, places, and people really change. I wonder what another ten years will bring?

As ever,
Renée



Last Will and Testament

We, the graduating class of Seabreeze High School, residents of the City of Daytona Beach, County of Volusia, State of Florida, and residing therein at the corner of Grandview and Earl Streets, being under the age of twenty-one years and of unsound and undisposing mind and memory, and acting under menace, fraud, and influence, do make, publish, and declare this our last will and testament, in the manner following, to wit:

I, **SCOTTY DUNLOP,** leave my worn-out football uniform to Willie "Duck" Lager, with the best of luck next year.

To Donna Dunlop, I, **MARIAN HOLLIS,** leave my 5 ft. 1 in. of height. You need it as much as I do.

To Don Maxwell, I, **BOB AMBROSE,** leave my ability to be out of class 9/10 of the time. (P.S. Don't take it.)

I, **KATHY ALMY,** leave to Barbara Carpenter my art talent.

I, **MICHAEL MILO,** will leave this school; I hope!

I, **PAUL WALL,** leave all my buttonless shirts to Eugene Nagy.

I, **FRAN "BROWNIE" RIZZO,** being sane(?) and sober, leave all the trials and tribulations of going with a boy from across the creek to Pat Luther, and may she take care of them.

I, **RONNIE EDWARDS,** leave to Rodney Nance, all the empty beer cans collected from our trips.

Because of an incident which happened this year, I, **WALLY "B. G." BUSHMAN,** leave Valerie "M----e" Tucker, the remains of my car.

To Ron Johnson, I, **CLIFF FISHER,** leave my privilege of paying for the American History book.

I, **TIM MADDEN,** would leave my lucky "65" football jersey to Al Bushman, but since it got cut up, I leave without leaving anything.

I, **JIMMY KULZER,** leave behind with Jack Housley and Don Maxwell, my ability to get along with the cops; especially Lutz.

To my sister, Patsy, I, **SYLVIA CROSBY,** leave all my old typing papers.

I, **MIKE WALLACE,** do hereby bequeath to some unexpecting soul the ability to collapse a Duncan Phyfe couch while sitting on it gracefully in a Junior Class play.
